Greetings All,

Thank you to everyone who attended our last meeting in Erie. A big thank to the Town of Erie for hosting; and to Glenn for an amazing presentation.

Hard to imagine it's June already, which means September is right around the corner. Why skip straight to September you ask?

Colorado Construction Career Days is held in September. This event is put on at Adams County Fairgrounds giving juniors and seniors in high school an up close and hands on chance to see the "construction world". From welding, masonry, architecture, to heavy equipment operating and building codes (yes, kids actually got into building codes YAY). In my opinion this event is one of the neatest to be a part of. I highly suggest and recommend if you are able to get away for the half day and volunteer to be a group leader, you ABSOLUTELY should.

As a group leader 2 years ago, I learned a lot has changed since I was in high school. It was amazing to see these kids genuinely show interest in our industry at all levels. That was all I needed to have a successful day, but what I got out of it was SO much more.

Last year I volunteered to run the Colorado Chapter of ICC booth with chapter members. We created a hands on display that encouraged student participation which helped to broaden their spectrum of construction/code terminology. Both years were a HUGE success and I can't wait to see what this year holds. I have included the link for dates, times and sign up information. This event is put on strictly by volunteers so the more the merrier! If you have any questions, feel free to email me. I am happy to help if I can.

Until then I hope to see you all in Black Hawk in July for our next meeting! Have a great start to your summer!

Jessica Sorensen

COLORADO
CONSTRUCTION CAREER DAYS

Looking Glass Into Your Future —

MARK YOUR CALENDAR—

Friday, July 15, 2016
Hosted by the City of Black Hawk
City Council Chambers
211 Church Street
Black Hawk Colorado

Registration: 8 am

Agenda

Shaunna Mozingo, Colorado Code Consulting LLC
"Help me, Help you:
Getting What We Need at the Permit Counter"

Whose job is it to make sure that everything that is needed in a set of plans is actually submitted at the time of permit application and plan submittal? When the plan reviewer opens a set of plans only to find that they don't have enough information to do the review, who does that fall back on? The applicant, that's who. But are we arming them with the information they need to do their job as well? Let's look at how to know if plans are submitted with enough information to get reviewed and what we can do to help applicants at our front counter get us the information we need to do our jobs. Help them to help you!

Wednesday, November 9, 2016
Annual Business Meeting
Jefferson County—Lookout Mountain Room
100 Jefferson County Parkway
Golden CO 80416

Agenda

Gil Rossmiller, CBO Town of Parker
"So you wanted to be a Permit Technician Now What....."
We will examine a day in the life of a permit technician the upside and the downside. Perhaps reminisce about your best and worst experiences.....share any wisdom you may have.....

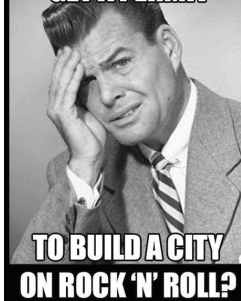

Please RSVP

TALK OF THE TRADE

PAGE 3

Congratulations to the City of Lakewood's Building Department!

Lakewood City Council recently honored the city's Building Department with a proclamation recognizing building safety month. Council Woman, Ramey Johnson read the proclamation at the May city council meeting. Mayor, Adam Paul acknowledged the departments hard work when he presented the group with the proclamation. Congratulations to Permit Technician's Kimberly Segura-Bates, Delnita Frost and Permit Counter Supervisor, Karen Phillips and the entire Lakewood Building Department.

PROCLAMATION

Building Safety Month as May 2016

WHEREAS, Lakewood's continuing efforts to address the critical issues of safety, energy efficiency, water conservation, and resilience in the built environment give us confidence that our structures are safe and sound; and

WHEREAS, vigilant guardians of sound structures include Lakewood's building inspectors, plan reviewers and permit technicians as well as fire prevention officials, builders, and others in the construction industry; and

WHEREAS, the International Codes, the most widely adopted building safety, energy and fire prevention codes in the nation, help protect the members of the public in the buildings where they live, learn, work, worship, and play; and

WHEREAS, Building Safety Month reminds the public about the critical role that our local code officials play in assuring us of safe, efficient, and livable buildings; and

WHEREAS, each year in observance of Building Safety Month, Americans are asked to consider projects to improve building safety and sustainability at home and in the community and to acknowledge the essential service provided to all of us in protecting lives and property.

NOW, THEREFORE, on behalf of the City Council and the people of the City of Lakewood, I, Adam Paul, Mayor of the City of Lakewood, Colorado, by virtue of the authority vested in me, do hereby recognize

Building Safety Month as May 2016

GIVEN under my hand and Seal of the City of Lakewood, this 23rd day of May, 2016.

Adam Paul, Mayor

MAY CAPT MEETING

A huge thank you to the Town of Erie for hosting the May CAPT meeting. With an attendance of thirty-five and a beautiful sunny day, the meeting was a great success. As always Glenn gave an informative look into code jargon on roofs, plumbing and electrical. It's always a pleasure to have a speaker who not only relates to the group but is a part of it. Glenn's humor, knowledge and incredible speaking abilities always make for a remarkable training session. Thank you Glenn...

Next meeting is July 15th in Black Hawk—hope to see everyone there for a fabulous presentation by our own Shaunna Mozingo.

REMINDER—

If you are interested in serving on the 2017 CAPT board or if your jurisdiction would like to host a CAPT meeting in 2017 be sure to check the CAPT directory. The form to sign up is included in the directory. Please fax the completed form no later than August 30, 2016.
